As teams have become more commonplace in real estate and the rapid growth of them in our MLS, the Water Wonderland MLS Board of Directors have voted to put in place by May 1st, 2019, the following new

TEAM POLICY

(MAY 1, 2019)

What defines a Team: A team is defined as two or more WWMLS Participants or Subscribers working or acting as one for all transactions.

All agents currently working as a team will be designated as a team utilizing the FLEXMLS Team format and required to fill out an application and return to the MLS Service by May 1st, 2019. All active, pending or active/w contingencies listings from the start of this new team set-up will be transferred accordingly.

Creating a Team: To create a team, your DR will need to fill out the Team Reporting Form.

Team Guidelines: Your DR must notify the MLS Service of all team changes, including removing a member from the team, the addition of a team member, the transfer of a member to a new team, or termination of a team. Please use the Team Change Form for all necessary changes. Other guidelines are as follows:

- Participants and Subscribers may only be on one team at a time;
- Agents leaving a team will not be allowed to take any statistics;
- Once an agent is assigned to a team, no individuals listing will be allowed.

Best Practices for Supervising Brokers, Team Leaders, and Team Members

- Although a team typically has a team leader(s), the firm's Designated REALTOR® is still responsible for supervising all licensees, team members, and unlicensed assistants affiliated with the firm or the team's entity.
- The broker's office policy manual should address supervisory issues with respect to teams, taking care to recognize that Rule 325 of the Michigan Occupational Code states that: "A broker shall not contract with an individual salesperson or a non-principal associate broker who is licensed to the broker so as to lose the authority to supervise the licensee"
- WWMLS Policy requires as of May 1st, 2019, that all team members are reported to WWMLS Service, and updated as transfers/terminations/new hires occur.
- If acceptable to the firm's Designated REALTOR®, the team may have a team name and logo. However, exchange, rent, lease, or mortgage real estate or business opportunities must include the name of the broker as licensed and the broker's street address or telephone number. As of January 1, 2018, the name or team name cannot be larger than the broker's name. This rule only regulates type size (i.e.. points) and does not require similarity in type style, boldness, or italics.
- Teams should avoid using team names that imply that they are a stand-alone brokerage.

- MLS Policy: The name of the listing agent on the listing agreement shall be placed as listing agent and the Team Name as co-Lister while listing is active. Upon closing the Listing shall be placed just under the team name with no co-lister. (April 2021)
- The names of selling agent(s) shall be reported as they appear in the Agency Disclosure paragraph of the purchase agreement. If the selling agent is part of a team, the Team Name must be placed as Selling Agent.
- In the event that the team has an internal team contract, that document should be shared with the firm's Designated REALTOR and vetted by the firm's legal counsel in order to ensure that it does not transition licensed team members from independent contractors to employees.
- If a team is a licensed entity, it should confirm with the company's E&O Carrier and legal counsel that there is sufficient coverage for all members of the team.
- Brokers should have any non-compete clauses in their team contracts reviewed by legal counsel.
- Brokers should indicate in their office policy manual that the broker's office policies supersede team policies/contracts.
- Agency disclosures should name all agent(s) who deal with the client(s), rather than a team name. In addition, the team should understand its responsibilities with respect to designated agency, including confidentiality obligations before and after the sale.
- Broker's and team leaders should understand and discuss with legal counsel or accounting professionals how payment arrangements and other factors (such as required work hours, defined responsibilities, etc.) may impact the independent contractor status.
- Brokers and team members should thoroughly review their independent contractor agreements and understand the terms related to that agreement, especially as it relates to non-compete clauses.
